GET READY TO STRIKE

PUBLIC SECTOR WORKERS NEED A PAY RISE NOW!

Our pay is being squeezed by the cost-of-living crisis - but the government refuses to come to the table with an inflation-beating pay offer.

In August, Unite's ballot returned an overwhelming mandate for strike action. So did the ballots of other unions.

We are united in our demand for a deal that delivers for workers.

And if the government won't listen, we'll strike again on 21st Oct
