# WE WANT TO LIVE, NOT JUST EXIST

Public sector workers need a pay rise now! Our pay is being squeezed by the cost-of-living crisis.

We're struggling to make ends meet at home, and we're doing more with less on the job. Yet the government refuses to come to the table with an inflation-beating pay offer.

Workers have been left with no choice but to take collective action to defend our living standards and to defend the public services on which we all rely.

In August Unite's ballot returned an overwhelming mandate for strike action. So did the ballots of other unions. Union members are united in our demand for a deal that delivers for workers.

Unite members across the public sector will be taking STRIKE ACTION ON 14 OCTOBER. And if the government doesn't meet our demands WE'LL STRIKE AGAIN ON 21 OCTOBER.
